CSI: Rombalds Moor – Participant Project Time

To help with planning it is important that we understand how much of your time you are spending on the CSI: Rombalds Moor project. Please record the time you spend on CSI activities other than training events and meetings (these will be included separately). Please note time to the nearest half hour, and indicate the type of activity, using the table below. The sheets will be collected in at regular intervals during the project, so please try to keep them up to date.

Name: ……

DATE	ACTIVITY: fieldwork / data processing / planning / other	HOURS
